DEPARTMENT OF ENERGY

NOTIFICATION

The 16th July 2014

SUBJECT—Lease agreement of building owners of various Departments with Private Operator for implementation of Solar Rooftop Project.

No. 5851—PPDHY-1-2013(pt)-En.—Green Energy Development Corporation of Odisha Ltd. (A subsidiary company of Odisha Hydro Power Corporation Ltd.) is intending to generate Renewable Energy from Solar, for which it has been decided to spare the Rooftops of the Office Buildings situated at the twin cities of Cuttack and Bhubaneswar. The International Finance Corporation (IFC) as the transactional advisor has provided the necessary expertise to the Department of Energy in structuring the Solar Rooftop Project under PPP mode. In the scheme of things, I.F.C. will provide the list of building and the name of the owner Department to GEDCOL and will also submit draft lease agreement to GEDCOL. As it may be difficult to approach all Departments and get the agreement signed, it has been decided to simplify the process and make it easier and convenient.

Therefore, it has been decided by the Government to authorize Energy Department to sign the lease agreement of the buildings on behalf of all the Departments of the Government of Odisha situated at Cuttack and Bhubaneswar, whose buildings have been surveyed by I.F.C. and their consultants with the private operator for implementation of 5MW. Solar Rooftop Project. Concerned Departments hereafter deemed to have issued a No Objection Certificate in favour of Department of Energy to sign the lease agreement on behalf of the respective Department with the Private Developer, offering the right to access to Rooftops of the buildings for installation and operation of the Solar P.V. Panels.

By order of the Governor

P. K. JENA

Principal Secretary to Government
